

PRICE 5 CENTS

PROGRESS in the past 25 years has been accelerated to a swift pace such as the world has never known before.

From the founding of the world's oldest cannery by Nicolas Appert at Paris, France, in 1812, until Libby's came upon the scene in 1868—to become the processor of the largest variety of canned foods in the world—development was laborious, slow and limited to a few select items only. During Libby's 75 years (31 years manufacturing in Canada) canning has grown to encompass a multitude of foods and provide over 10% of the nation's nourishment.

The surpassing quality and exquisite flavour of Libby's products now extend to over 100 fine foods—fruits and fruit juices, soups and vegetables, pickles and condiments, milk and infant preparations—and the Libby's Label is your assurance of dependable, uniform goodness in every can.

Today Libby's enables you, at little cost, to enrich your table with a wide variety of nourishing, tasty foods—some of which were hardly unknown 75 years ago and all of which consistently provide the finest possible quality.

Down and Out

Italy went to the war under order of a pirate Premier who planned to rifle the pockets of prostrate France and share the spoils in the prospective dismantlement of the British Empire. It has got through the age of unconditional surrender—the only gap left open in the world's history.

But it is "out" only in the official sense of the term. Actually the country is a combat area from which the Allies must cut the army of occupation which Hitler pushed there to keep them out. Fighting a belligerent Italy has become a battle-ground; with Italians in the position of neutral observers of war carried on in their own territory.

The humiliation of the Italian people could not be more complete. It is the more bitter because they know they never had cause to attack the Allies. They were the British. Their defence can only be that they were slaves of a dictator who drove them into crime. Their guilt is that they allowed themselves to be enslaved. Their penalty is the ruin, poverty and disgrace that has fallen upon them and their country.

The surrender having been unconditional, the Allies are of course free to occupy Italian territory anywhere or everywhere and to use it as the base for operations against the Axis powers. The British, their defence can only be that they were slaves of a dictator who drove them into crime. Their guilt is that they allowed themselves to be enslaved. Their penalty is the ruin, poverty and disgrace that has fallen upon them and their country.

By the capitulation the western Allies thus have obtained a firm foothold on the continent, one large enough to accommodate any number of troops, to prevent enemy molestation, and having many good strategic advantages.

Greece and Yugoslavia are no longer isolated; they can be given help not hitherto possible in their fight for freedom. The Nazi forces in the Balkans are outflanked with only the narrow Adriatic linking them. The Rumanians are easily reachable from airfields in Italy. So are the war plants and other military establishments in Hungary and Czechoslovakia. Southern Russia can be bombed at far shorter range than from Britain or North Africa. Enemy strong points and munitions factories in France can be opened to direct attack from these bases as from Britain.

It will be strange if the collapse of Italy does not give the Allies a new thrust through all the satellite states which Hitler by force incorporated in his make-shift empire. The Balkans are likely to break into open rebellion. The Rumanians will be Hitler's first ally. Since he could not save it from his enemies, what hope can the others have that he will be able to protect them?

In the Van

Canadians are naturally and properly gratified that our men were in the forefront of the drive which precipitated the surrender of the first of the Axis countries. They throw up the slogan of the "Victory of General MacNaughton's promise that when Europe was invaded Canadian troops would hold a place of honor in the van. It is a confirmation of the fact that the Sicilian campaign, that the long years of intense training in England were not spent in vain.

There is cause for deep gratitude that in Italy, as in Sicily, casualties have been comparatively light.

No one of course supposes that the capture of 200 square miles of territory on the toe of the Italian boot compelled the Badoglio government to give in. Italy was practically helpless when Hitler did his disappearing act, and the invasion has been less important for what it accomplished than for what it foreshadowed.

Duce's successor did not pull down the flag because he had to at once, but because he foresaw that he would have to do it sooner or later. He had many, with his troops, the symbol of the irrepressible power that was to be thrown into the country—and Badoglio decided to quit.

These circumstances do not lessen, but enhance, the glory of the spearhead troops. Badoglio had heard of those troops before. He had seen them in the past for history to repeat. To have held a place in their ranks is a distinction of which the Canadian in Italy has a right to be proud.

Controls Do Control

The Bureau of Statistics reports that its index shows the cost of living to have moved steadily upward for six successive months, from March to August inclusive. The total advance was only 2.3 points, but this was enough to more than wipe out the recession of 1.9 points during January and February. In August the index stood 13.1 points higher than in July of 1942.

This slight increase over the course of a year is only a small part of the price tendency; and to hint at what the price level would now be but for the machinery of control that has been established. Official regulation of the market is not popular and would not be tolerated in ordinary times. But it has been accepted willingly by the public as a means of preventing

war demands and scarcities from starting a ruinous spiral of prices. It has prevented what the public means in terms of freedom from worry on the part of the wage earner. It has prevented by all who recall the whip-sawing to which the wage and salary earner were subjected in the unregulated conditions of the former great war. Canadians generally will welcome the day when controls can be relaxed and abolished without bringing about a return to the conditions of the economy. But for wartime these provide a barrier against inflation and all its fairly well-understood evils.

That the barrier is holding, despite terrific and increasing pressure, is good news.

Members of Kinsmen clubs in Canada and Newfoundland deserve great credit for having sent more than 10,000,000 quarts of milk to children in Britain during the last two years. Their objective for the next twelve months is 6,000,000 quarts, an increase of 20 per cent over the two-year average. Their splendid record should make it easier to raise the larger sum required.

Bonus payments to be made to Alberta farmers this year for growing feed grains instead of wheat are calculated to amount to from \$5,000,000 to \$6,000,000, distributed among 60,000 applicants. These payments will go some way to compensate the farmers for the disappointing yields of oats and barley. Had they grown wheat instead, they would get no bonus. The average payment is said to be about \$140.

Looking Backward

From The Bulletin Files

1893: 50 Years Ago

Hon. Mr. Ives, president of the privy council, and Commander Ross, of the navy, were in the city last night. The two gentlemen were seen at the Hotel Macdonald. The two gentlemen were seen at the Hotel Macdonald.

By the capitulation the western Allies thus have obtained a firm foothold on the continent, one large enough to accommodate any number of troops, to prevent enemy molestation, and having many good strategic advantages.

Greece and Yugoslavia are no longer isolated; they can be given help not hitherto possible in their fight for freedom.

The Nazi forces in the Balkans are outflanked with only the narrow Adriatic linking them. The Rumanians are easily reachable from airfields in Italy. So are the war plants and other military establishments in Hungary and Czechoslovakia.

Southern Russia can be bombed at far shorter range than from Britain or North Africa. Enemy strong points and munitions factories in France can be opened to direct attack from these bases as from Britain.

It will be strange if the collapse of Italy does not give the Allies a new thrust through all the satellite states which Hitler by force incorporated in his make-shift empire.

The Balkans are likely to break into open rebellion. The Rumanians will be Hitler's first ally. Since he could not save it from his enemies, what hope can the others have that he will be able to protect them?

The contrail has been let for the new course of the war. Continued wet weather is the rule all over Alberta.

Min. of Winnipeg will erect an elevator at Edmonton.

Canada's Wild Life Source of Meat

Annual Consumption of Game Meat Around 100,000,000 Pounds

Since meat rationing has been introduced into Canada many people have wondered if our wild life sources are being adequately utilized in this emergency. In a country where the population is more than half the total area the principal commercial sources of meat are the game animals. It is only reasonable to expect that game meat should take a prominent place in the diet of the people.

It is estimated that the annual consumption of game meat in Canada amounts to around 100,000,000 pounds. In the January 1942 issue of the sportsman's magazine "Hunting and Fishing in Canada," it is asserted that hunters in the nine provinces of Canada take more than 40,000,000 pounds of dressed game annually. This leaves out of consideration the population of the Yukon and the Northwest Territories.

These figures are not far from the truth. The game meat is a large amount of meat. It is also a very good source of food. It is also a very good source of food. It is also a very good source of food.

Dogs Are Vital

In order to arrive at a proper figure for the value of dogs to the whole country it is necessary to add an approximation of the value of dogs in the North. The North is a large area. It is also a very good source of food. It is also a very good source of food.

Use Military Force to Build Better World

Large Nation Gets Into War If It Doesn't Have Strong Force

WASHINGTON—Some people are inclined to believe that there is no protection for any country. They are wrong. There is a great deal of protection for any country. It is the military force that builds a better world.

The Bulletin's SPORTS EDITOR

by Hal Dean

THE winning of the Foothills Baseball League playoff by the Calgary Navy team over the combined Currie-Barracks R.C.A.F. club may have come as somewhat of a surprise, particularly to the losers, but it is quite evident that the sailors from H.M.C.S. "Tecumseh" must have quite a punch at that.

Navy won two of the first three games by scores of 8-3 and 11-3 before coming out on top last night 5-2. Currie's first victory was a 7-2 affair and the veteran sailor-man slugger decked the navy 8-4 on Sunday. It looks as if both clubs possess considerable hitting power.

The proposed inter-city playoff between Navy and Yanks which commences here next Sunday should prove a fitting climax to the season. The visitors will have to be pretty good though to take the U.S. Army boys. The Yanks have been playing a smart brand of ball and Edmonton fans can expect to be pulling for them against the Calgary champions.

YANK BATTING IMPROVES
FIRST baseman John Gulekison will be the only absentee from the lineup which went through the entire league schedule, but Jack Johnson did a nice job of pinch hitting in the last three games of the playoffs.

Johnson, one of the two left-handers with the club has been a very useful citizen around the mound for the Yanks, but the Edmonton champions are well fortified for pitchers with Wayne Adams, Walter Miskay, Walter Nelson, Johnny Gray and Pat Priest.

Gulekison's appearance hitting would be quite a help for a playoff series, but the batting lineup of Tony Lollo and Dick Valenti has

Sailors Defeat Currie Barracks 5-2 in Rubber Game of Foothills League

Calgary Navy Nine to Play in Foothills League

Best-of-Five Series Starts Next Sunday

Drill Grounds Now Their Arenas

CALGARY, Sept. 9.—H.M.C.S. "Tecumseh" won the championship of the Foothills Baseball League here last night by defeating Currie Barracks combined Army-Air Force League 5-2 in the fifth game of the best-of-five final.

The Navy team has arranged to go to Edmonton for a best-of-five series with the U.S. Army Yanks, winners of the league title in the northern city. The first of the inter-city playoffs has been set for next Sunday and at least two more will be played in Edmonton.

Kelly Riddle, pitcher from Medicine Hat with a fast breaking curve ball, was the star for the Navy and he had 11 strikeouts. The soldiers failed to score against him until the seventh inning when they counted one and they collected another in the last.

Fred Yehrie pitched for the losers and was touched up for nine hits. Assisted by errors of Harry Orrest and Wilbur Rumsen, the sailors secured two runs in the second inning and they led 3-0 going into the sixth. Currie team has six errors during the game and the Navy three.

Navy 021 020 000-5 3

CANADIAN SPORTSHOTS

By CHARLES EDWARDS
TORONTO, Sept. 9.—(CP)—Amalgamation of the National and Ontario Hockey Leagues and their operation under the name of Western Hockey League is supported by the National Hockey League. The league was formed by the merger of the National Hockey League and the Western Hockey League, which was formed by the merger of the Pacific Coast Hockey League and the Western Hockey League.

Still Have "Will-to-Win"

Drill Sergeant Calling Plays Now for Former Hockey Greats

OTTAWA, Ont., Sept. 9.—Across the sun-drenched drill ground at the Canadian Army's Training Centre at Lansdowne Park here, recently marched a platoon of brave soldiers, arms swinging high, heads up, rifles at the slope. A drill sergeant's staccato bark sent them on a right wheel. Another order gave them "about turn" and they did it all over again. They were out for a session of platoon drill.

Finished the 1943 season with the Red Wings, Eddie Slowinski, of Winnipeg, member of last winter's Ottawa Commandos, and Al Barnes, of Ottawa, also with the Allan Cup champions.

One member of opposing teams, they gave no quarter nor asked for any. They are continuing their military training on that theory but now have already been posted to western units in the Canadian army.

Two years ago they were thrilling fans as the Ottawa Senators. Today they are preparing for the grimmest game of their lives. Tomorrow they may be in— and they may be ready. Some have already been posted to western units in the Canadian army.

OC. COMMENTS THEM
"I'll be in the Canadian Army," commented Major A. J. MacNab, officer commanding the training centre, as he stood in the centre of the spacious park casing a sharp eye at different platoons going up and down the parade ground.

There was a tone of pride and satisfaction in the OC's comment, an apparent confidence borne in the favorable military record of those "big name" athletes. He was proud that they were displaying a razor-sharp sword and a keen sense of duty and discipline.

Bomberettes Beaten 15-5

C.W.A.C. Girls Win First Of Intermediate Playoffs

C.W.A.C. handed Air Force Bomberettes a 15-5 setback at Kingsway Park Wednesday night in the opener of the intermediate girls' best of three fastball finals.

The game was a free hitting contest throughout with the army girls, led by Doris Hall with three for five, collecting a total of 15 off Bomberette pitcher Marie Roberts. Paced by the leader Betty Smith with three for four, the losers got 10 safeties from the winning hurler, Phil Culver.

Eight errors by the Air Force club and six by the C.W.A.C.'s, also played a big part in the high score.

In the first inning, Jackie Ford, little catcher for the winners, opened the counting when she played three bases on an error at second. The count came in on an error at third as Vi Lowe reached first. Lowe promptly advanced on the error and scored.

Corrine Frothingham singled to second, advanced on a passed ball and came in on a single by Smith in short field in the fourth inning to tally the Bomberettes' initial run.

Vi Leadbeater singled to left, pitched to second on a wild pitch, bled on a double, Audrey Brockie and home, along with the latter on an error at first base, to increase C.W.A.C.'s margin to 4-1.

They added three more in the third while the Air Force girls were held scoreless. Hall was safe at first on a single to shortstop and to second as Culver got in a fielder's choice. Betty Smith then came in as Reggie Devost made two bases on an error in left field to put them out in front by a 3-2 count.

Brookie Dunn and Jean Russell scored for the Bomberettes and Brockie and Lee came in for the winners in the seventh and were tallied for C.W.A.C. in the eighth to end the counting.

Following is the order:
Bomberettes—ABR H FO A E
C.W.A.C.—ABR H FO A E
McCreedy, 4 1 0 1 2 0
Wainman, 3 0 0 0 2 2
Frothingham, 2 0 0 0 2 2
Devost, 2 0 0 0 2 2
Potts, 1 0 0 0 2 2
Anderson, 1 0 0 0 2 2
Total, 15 5 0 0 2 2

Run on Newmarket Turf on Sept 18
NEWMARKET, England, Sept. 9.—(CP)—Lunged and last of the season's race season, the famed St. Leger, moves up for decision over Newmarket's storied turf Sept. 18, with the best of Britain's three-year-olds in competition.

An acceptance list of 27 may be reduced slightly before the mile and a half, and the event, which is the Derby and the three top-finishing fillies in the Oaks appear to dominate the field. As in the Derby, however, turf followers look for the most open St. Leger since long ago.

Early betting favorite is the game little filly, Ribbons, partly because of her record and partly because she has shown a snappy look since the start, and partly because a filly can never win the Derby. That 1942 winner was Charm, carrying the King's silks. Ribbons is a 6-1 shot, owned by Lord Rosebery.

Three outstanding colts hold the second favorite spot at odds of 7-1. They are Derby winner Straight Deal, owned by the Hon. Dorothy Page, the Aga Khan's Unlimited, beaten by a head, and Persimmon, Gulf Lady Werne's long-shot surprise fourth in the Derby.

Temperamental Naurallah, another Aga Khan entry which ran third in the Derby, is quoted at 21-2. He'll have to face Derby jockey, British Champion Gordon Richards, on the St. Leger.

Small Youngest Griddle at Penn
PHILADELPHIA, Sept. 9.—Add signs of the times. John H. Small is the youngest candidate for the presidency in the 48-year history of football at Pennsylvania. A freshman in the Schuylkill School, Small won't reach his 17th birthday until September 10, but he is a member of the Prep School, Small is the number one fullback. He weighs 160 pounds, is six feet tall, weighs more than 170 pounds.

Series Resumes Kingsway Tonight
The second game of the Senior Men's Baseball League best of five final between No. 3 "A" Depot and Central will be played tonight starting at 7 o'clock.

Gangway, Please
CINCINNATI, Sept. 9.—Eric Tipton is hard of hearing. When the Duke Alumnus playing left field for the Reds yells, "Get out, it's a male," he has the right of way.

The coastline of Norway measures 100,000 miles, or about one-half the distance around the world at the equator.

Cards, Yankees
Soon to Qualify
For World Series

NEW YORK, Sept. 9.—(AP)—It will be long now until St. Louis Cardinals and New York Yankees official qualify to meet in the world series for the second straight year. Despite their long leads, neither is likely to set a record for winning margin.

Both the Yanks and Cards are likely to do their clinching at home and baseball fans here will be around Sept. 22 or 23 for the former and maybe a few days before that for the Cards.

Hawks to Start
Training Oct. 12

CHICAGO, Sept. 9.—(AP)—Chicago's Black Hawks have a date Oct. 12 to open training for the National Hockey League season, but they are still waiting for a training site. Their former conditioning grounds at Hibbing, Minn., and

Lee and Culp; Nelson, A. Adams (5) and Lombardi.

CARDS INCREASED
LEAD TO 10 GAMES

ST. LOUIS, Sept. 9.—(AP)—Truett (Rip) Sewell's second-story ball was handled in a hit-and-run manner yesterday by the clotting Cardinals who led by Stan Musial with two home runs, beat Pittsburgh Pirates 5-1.

They increased their National League lead over the Cincinnati Reds to 15 games.

The veteran Sewell, a 20-game winner was handed his eighth defeat.

Pittsburgh, 100 000-0-1 7
St. Louis, 120 100-2-2 5

Sewell and Lopez; Mungler and W. Cooper.

BROOKLYN, Sept. 9.—(AP)—Whitlow Wyatt hit Boston Braves down with one hit yesterday as Brooklyn Dodgers came through with a 5-0 decision.

In chalking up his seventh straight victory and his 11th of the National League season, Wyatt fanned seven Braves and contributed a double to the Dodgers seventh hit attack against Salvo.

Wyatt's one-hitter was the 10th in the majors this season.

Boston, 000 000-0-0 7
Brooklyn, 000 010-1-7 0

ONE AND ONE HALF TONS OF FOOD, CLOTHING AND OTHER SUPPLIES MUST BE TRANSPORTED MONTHLY TO MAINTAIN ONE U.S. SOLDIER OVERSEAS

THAT'S my husband all right. He always left over everything coming in."

Exclusive to The Edmonton Bulletin
Copyright, 1948, by British United Press

NEW YORK, Sept. 9.—Chunky Ace Adams of the New York Giants Wednesday trudged from the Polo Grounds bullpen to the mound for another relief job—his record-breaking 42nd pitching appearance of the season.

This performance surpasses Adams' modern National League mark of 41 appearances, which he set last season and it brings him a notch closer to the major league record of 66, established by Red Walsh of the White Sox in 1905.

At the late starting pitchers of the floundering Giants have been leading for the show this season, it seems almost certain that the man from Trout City, Ga., will better Walsh's 66 before the campaign ends.

STARTERS FINISHED 26
In contests of the 129 Giants games played to date. And there's little hope for improvement.

The pitching plight of the late-place New Yorkers has been such that 25-year-old Adams not only was a path from the bullpen to the mound, but he had to wear it seven times, appearing in both ends of seven doubleheaders.

Only a day with a "rubber arm" and unusually strong legs could stand this pace—could weather the constant warming-up in the bullpen and keep his legs in shape without benefit of the usual fielding practice enjoyed by other players on his days off. A hurler can't do much pregame warming on the day he's slated to pitch.

And Adams, the one-man fire department, is subject to call every day.

Disputed Adams, who bears a facial resemblance to Willie Hoyt and is compactly built like Charlie Root or Burleigh Grimes, usually is proud of his relief accomplishments. But he admits frankly that he would prefer being a regular starter.

KEPT FOR INSURANCE
However, the emergency right-hander is far too valuable as a reliever for Mel Ott to gamble with him as a starter. He is kept in the bullpen as insurance—as the Giants' last hope when a game is slipping.

Usually he's not called to the mound until late innings, even if another rescue man may be sent in mean while. Rarely is he signalled before the sixth.

Amos Adams' 67 appearances. He is credited officially with winning eight and losing eight games.

This showing is not as impressive as those for relievers Johnny Murphy of the Yanks and Claude Shoun of the Reds, for example.

Murphy has 10 and 4; Shoun, 12 and 5. But Adams' record with the Giants—now 41½ games behind the Cardinals—is quite different from trying to rescue the Yanks or Reds.

Art is not Adams' nickname. He was baptized Ace Tom Adams 29 years ago. Maybe his parents were clairvoyant—could foresee the time when he would become ace of big league relief pitchers.

Henry Armstrong
Definitely Out

LOS ANGELES, Sept. 9.—(AP)—Henry Armstrong says his boxing career definitely is closed—after 12 years in the ring.

The California Athletic Commission refused Tuesday to allow him to go through with his contract to fight Luther (Sluggo) White, Baltimore boxer, in Hollywood, Sept. 18.

Armstrong, now 32, held the commission he was willing, but Chairman James C. A. P. Estrella and Earl Sanders decided an airtight permanent injury.

"If that's the case, I'm through with the ring," said the little Los Angeles boxer, who once held the feather, light and welter titles simultaneously. "I just lost my fighting."

Monetary Inquiry
Group Is Formed

NEW YORK, Sept. 9.—(AP)—A group of economists announced yesterday formation of the monetary standards inquiry to investigate a basis for international reconstruction and stabilization.

Herbert M. Bratter, formerly with the United States treasury department, in Far Eastern financial and monetary problems, was named director of the inquiry.

About five hundred soldiers are expected to be assigned to farm duties to help the harvest in Alberta.

Twice Refuses Commission Daughter of Major-General Making Own Way in Army

By MADELEINE LEVASON

Women serving in the armed forces of Canada are not only making a magnificent contribution towards winning the war through service by enlistment but are equipping themselves with knowledge that will be of inestimable value when the period of rehabilitation has to be faced after the war is

This is the opinion of Company Sergeant Major Jocelyn Foster, C.W.A.C., who arrived in Edmonton Wednesday from her station at an Eastern Canadian port. She

is the attractive daughter of Major W. W. Foster, D.S.O., special commander for the defence projects in the North West. She came to Edmonton on furlough to visit her father.

Understand their restlessness and fits of depression. In this war women are adjusting themselves to army life, and discipline, and getting a first hand view of a soldier's life which will make for a better understanding and comradeship between men and women after the war is won.

'The women will probably have

to be so done in the future. It is imperative that the people of the transition period be fully understood to be well prepared to be able to live during the transition period to peace-time living, and should make better use of their knowledge.

C.M. Foster is enthusiastic about his country's life. She says she finds it most interesting, living in the most beautiful life. When asked how it is, she says, "It is very good."

daughter of a major-general who came to the same time as most of Canada's military leaders. He was a very successful man. Foster's father was also very successful in the production of the

Northwest Canada.

D.O., special commissioner in the Dominion Government in the Northwest Canada.

Britishers Do Magnificent Job In India, Says Noted Authority

EXPORT of the British in India has been magnificent, according to Lt. Col. P. O. St. John, D.S.O., M.C., F.R.G.S., who spoke to women of the Canadian Club at a luncheon Wednesday noon in the Macdonald hotel.

"Touring Canada under auspices of the Canadian club, Lt. Col. St. John is speaking on 'India' as the all-time of a great system. We would send them all to school, yes, so that they could learn and be educated, but we cannot have an army at the back of every school to see that they of higher caste will not run away in order to avoid sitting with those of lower position."

"Time, evolution and Christianization alone will change India. But we are doing for this part of British England in a hurry. It will take time."

"In referring to Gandhi and his National Congress, the speaker said that Gandhi hates the white race from the bottom of his soul. When speaking of the well known 'Congress' he said, 'It is not in India, it is not Congress; it is not national, it does not know what it is.'"

MILLION FOLLOWERS
Gandhi has a million, if not less, followers, he explained. "What is a million people out of four hundred million?"

"I have thought much about the difference between the East and the West. To 'boli it all down to one word, the great difference between the two is truth. Christianity and all it stands for is truth, and it is the truth that makes us free. The East is not free, and it always lies. The Eastern people do. They lie to you and you know they are lying, and they know that you know they are lying. What do you do with a set-up like that?"

OUR EMPIRE
"The British Empire, of all the democratic countries, has a good social foundation. It is set up well, and we all have a chance to do what we want. It is our responsibility through voting, what government we want. It is our responsibility through voting, what government we want. It is our responsibility through voting, what government we want."

"India has a lot of troubles, and it is for us to help them. It is the same time," the speaker concluded.

Mrs. Chester Gainer, president of the Women's Canadian club, introduced the speaker. Dr. Robert Newton, president of the University of Alberta, thanked Lt. Col. St. John on behalf of those present.

Seated at the head table were: Lt. Col. St. John, Dr. Newton, Mrs. Gainer, Mrs. Newton, Mrs. Gordon Swallow, Mrs. S. H. McCaughey, Mrs. G. F. Girth and Mrs. W. Newton.

Women Plan To Aid Drive

More than 65 team captains in the Women's Division of the Community Chest Campaign will meet Monday noon at the Macdonald hotel, Friday at 3 p.m. under the chairmanship of Mrs. S. H. Gaudier to discuss final details of the residential canvass to be undertaken commencing Sept. 14.

E. H. Ayling, general chairman of the Chest campaign, will be present and will address the meeting. All 28 welfare agencies, participating in the Community Chest Drive are represented in the canvassing teams and it is expected that nearly 300 women will undertake the calls during the canvasses.

Among the larger canvassing groups are: Provincial Council of Girl Guides, Alberta Protestant Home for Children, All People's Mission of the United Church of Canada, Church of England Diocesan Council for Social Services, Edmonton Greek Society, Council of Social Agencies, St. John Ambulance Nursing Division, C.E.T.U. Girls' Work Board, British Home, Victorian Order of Nurses, Y.W.C.A. Jewish Women's Council, I.D.E. Municipal Chapter, Salvation Army, and the Catholic Women's League.

The Chest campaign begins on Sept. 13 and the objective is \$388,000.

Beta Sigma Phi, Gamma Chapter, Holds Meeting
Beta Sigma Phi, Gamma chapter, held its first meeting of the season on Tuesday at the home of Mrs. Catherine Munro, when discussions were held relative to the recent visit of Mrs. Melba O'Hara of Seattle, a society field representative. Miss Munro presided. A social service project and social activities were briefly planned. Members present included the Misses Hope Aklis, Frances Barr, Dorothy Cameron, Clara Clark, Mildred French, Lela Landis, Norma Parfitt, Helen Reid, T. Rose, Ruth Young, Edna J. Davis, Betty and Ann, and Nellie Dallas. Miss Margaret Dugan of Dallas, Texas, was a guest.

FIRST CANADIAN WRENS ARRIVE IN ENGLAND, ALL SMILES

Happiest girls in the navy today are a group of young Canadian Wrens, the first group to be drafted overseas, who recently arrived at a British port for duty at a Royal Canadian Navy base somewhere in England. Hailing from all parts of the Dominion, they were full of excitement at boarding a huge troopship before leaving from an eastern Canadian port. For most of them it was their first peek at an ocean liner, and their first sight of the sea. Respirators are a must when going overseas. Here the girls examine them before going aboard ship. They are, left to right, Wren Ellen Cade of St. Clair Beach, Windsor, Ont.; Dorothy Hill, Meadow Lake, Sask.; Lorna Green, Vancouver; Jean Davidson, Port Washington, Pender Is., B.C.; Margaret Robertson, Montreal; and Joan Grimdick of Winnipeg.

The Personal Column Vancouver Girl Marries Officer

Mrs. H. B. Wallace, chairman of the social committee of the King Edward Park and District Community League, is arranging for a what drive and dance to be held in the R.C. hall, 811 street and 80 avenue, on Saturday at 8 p.m.

In honor of Mr. and Mrs. Walter F. Carr, who are leaving for the Pacific coast shortly, a surprise party was held recently by friends and neighbors at the home of Mr. and Mrs. D. Brown, 1854 street. The couple was presented with many gifts. Among those present were Mr. and Mrs. Meland, and Mrs. Goodwin, Mrs. Clothier, Mrs. Manning, Mrs. Callow and Mrs. Packer.

Mrs. T. W. Hamilton arrived in the city Tuesday evening, after a trip to Vancouver.

Mrs. S. H. Spruille of Winnipeg was here visiting her mother, Mrs. Hales Ross, for a few weeks, left Saturday to return to her home.

Russian Nurse Glamor Girl

By DOUG HOWE

LONDON, Sept. 9 (C.P.)—That No. 1 glamor girl of the war, the Russian nurse who won herself an admirer—the British surgeon, Britain sent some of her best surgical brains on a three-week medical mission to Russia at the front, to Moscow with her research institutes, the rear.

With them were Prof. Wilder, Penfold of Montreal, famous Canadian brain surgeon, and two American doctors. Prof. Penfold proceeded to China from Russia.

The major impressions of the British, disclosed at a press conference on their return were:

1. 90 per cent of the Russian doctors in training are women.

2. The general practice of Russian medical work resembles those of Britain and America.

3. Russian medicine in the past 20 years has made "amazing" strides.

4. Blood transfusion is handled on a "colossal" scale.

5. The Russian ability to get the wounded into the care of special staffs with a minimum of delay.

Seven of 10 Red army wounded later returned to action.

Allowed to go anywhere they wished, the surgeons saw nurses behind the front lines cutting their hair in their spare time to help build a hospital. That evening the same nurses put on a cabaret show for the visitors.

The women doctors, they said, were highly qualified. They were wearing life-wounded straps.

The chief of the army medical organization was a 35-year-old man. Ninety per cent of the blood donors were women and most of them returned the money they received for their blood to the state fund.

Bessie has never lacked in any crisis for blood.

The purpose of the mission was to change of information and preparation for future collaboration between British and Russian medical staffs. A Russian mission may visit Britain in the future.

Miss Florence Ann Connelly Bride of Petty Officer Tighe

WINNIPEG, Ont., Sept. 9 (C.P.)—The church here was the scene of a nuptial mass on Saturday at the early morning hour of 7, when Florence Ann, daughter of Mr. and Mrs. J. W. Connelly of Edmonton, was united in marriage to Petty Officer H. H. Nicholas Tighe, R.C.N.V.R., son of Mr. S. H. Tighe and the late Mr. Tighe, also of Edmonton.

The bride wore an informal track of coral blue, matching blue and white, and carried a bouquet of white flowers. The groom wore a tuxedo and a corsage of white flowers.

The couple will occupy residence at 429 Pattington Rd., Windsor, Ont.

The bride is a graduate of the University of Alberta and received her degree in anatomy, science and nursing. She also studied dentistry.

Blitzed Youth Gets a Chance

LONDON, Sept. 9 (C.P.)—A blitzed youth who lost their parents during raids on Britain have been given a chance to choose a career and they are financial advisers to help them choose their future.

Mrs. Jeanie Addison, private secretary to the Minister of Education, who has more than 2,000 biographies in her care, has made sure that everything possible is done for them. Some have already been put into careers and others shortly will be moving from elementary to secondary schools.

If it costs £1,000, £500, or will see them through college, the state will get regular reports on the progress of the children. The standard set is to try to give them as good a chance as I could for my own children."

Six officers from No. 2 Base Officer Depot, Edmonton, crossed waters to form a guard of honor Wednesday evening in front of the St. James' Cathedral in compliment to Lt. Gerald A. Hofer, R.O.D., who was married at a quiet service at the home of Mr. and Mrs. Ernest N. Hofer of Windsor, Ont.

Given in marriage by Lt. Col. Walter Melnick, officer commanding No. 2 R.O.D., the bride wore a summer weight wool frock of light blue, brown accessories, white gloves, and carried a colonial bouquet. Bride went with a white fox fur.

There were no attendants. A recreation was held following the ceremony, at the home of Mr. and Mrs. P. R. Moore, 1029 122 street.

Stag G. W. Merking gave a toast to the bride.

The couple left for a wedding trip to Calgary.

TODAY'S Range in Grain Prices

WINNIEP GRAIN MARKETS

By James Richardson & Sons

Chicago Grain Prices Move Up

CHICAGO, Sept. 9 (AP)—Natural
influences pushed grain prices forward
today in a strong bid to somewhat
higher market as traders began to dis-
count their monetary requirements over
the seasonal foreign developments.

Grain reacted to a report that a firm
with a stake in the grain market had
been sold to a foreign firm, and that
the grain market was being sold to a
foreign firm.

Wheat closed up 1/4 cent, and rye was
up 1/4 cent. Corn was up 1/4 cent.
Soybeans were up 1/4 cent.

Wheat: 100 bushels, 1.10 1/2
Corn: 100 bushels, 1.10 1/2
Soybeans: 100 bushels, 1.10 1/2

Provision of C.W.A.C. Hostel

At the regular monthly meet-
ing of the C.W.A.C. committee
held in the Y.M.C.A. on Tuesday
evening, it was decided to post-
pone the plans for the establish-
ment of a C.W.A.C. hostel.

A report was read from the
recreation and hostel committee
that careful investigation showed
no need for such a hostel at the
present time. Concentration in
provision of a downtown recrea-
tion centre for all the services was
deemed more important and it was
hoped to make an early announcement on
this subject.

A report from the entertainment
committee said the sale of tickets
for the C.W.A.C. concert given in
November was progressing
favorably in the hands of the
committee.

Mrs. D. Radford reporting for the
committee said that a C.W.A.C.
wide pickup will take place shortly.
The American Women's Club will
be assisting in the drive to co-operate.

Dave Fraser found the executive
as chairman of the committee
dependents' welfare. His head-
quarters is in the Y.M.C.A. hall.
Mrs. D. Radford, who is the
executive, has been in charge of
the C.W.A.C. hostel project.

Board Hears Evidence on Union Dispute

Evidence that at all times the city commissioners and the street railway superintendent gave them a courteous hearing when the executive of the Edmonton Street Railway Association brought grievances to their attention was given Wednesday by Fred Wood, motorman, at the arbitration board session inquiring into a dispute between the association and the City of Edmonton regarding the association's right to be the bargaining agency for the street railway's system motormen.

It is contended by the association that a vote taken in May last gave the association a majority of the motormen who desired that it be the bargaining agency. The city has failed to recognize the request made by the association following the vote, and the arbitration board is now determining whether or not the association will be the bargaining agency. The International Union of Street Railway Employees, No. 569, which claims it has a majority of all employees on the street railway system.

SERVICES UNSATISFACTORY

Mr. Wood said that it was the opinion of members of the association that the international union had not done all that it should have done in different respects, that the city relative to wages and working conditions was not satisfactory. He said that the association members felt that they could "show more sympathy for all street railway workers than was displayed by the present bargaining agency, and that it would make a more energetic effort to obtain better working conditions."

He said that certain conditions prevailing at present had not been questioned by the international union officers, and redress had not been made by the association's executive.

Questioned by T. E. Garde, K.C., city solicitor, Mr. Wood said that he had no objection to international unions, although he had never been a member of No. 569. The objective of the union, he added, was to endeavor to obtain the best possible deal for its members.

Questioned regarding the maintenance of seniority rights Mr. Wood said that he desired as a senior man to see these rights maintained, but added that he considered that the senior men should not try to "take all the cream."

INSTANCES OF THREATS

He told the board members that there were instances of threats from executive members of the international union that they would lose their jobs if they did not join the international union.

Mr. Garde asked if there was a single instance within the knowledge of any civic servant being threatened because he failed to join a union, and Mr. Wood admitted he did not have knowledge of a single case.

He complained that members of the international union had failed to "give ball" with the junior men, and that they were ignored when wages and working conditions were being discussed.

Dealing with the pension plan A. Campbell, commissioner and city controller, asked the witness if he recalled a meeting of the association at which the pension plan was outlined. Mr. Wood could not recall the meeting but when told by Mr. Campbell that the meeting was remembered.

SUGGESTED BETTER PLAN

At this meeting, questioned Mr. Campbell, "you suggested that you could put forward a better pension plan, and at that time were asked to submit it for consideration. Did you bring forward that suggestion?"

The witness said he had not submitted any alternative plan.

Commissioner Campbell said

On Executive

J. D. Wallace, well-known executive of the Edmonton Lions Club, past district governor, who has been appointed by Dr. E. G. Gill, city president, as an executive member of the executive of the council of the board of governors of the international Association of Lions Clubs for Western Canada. There are 150 clubs in Western Canada, with a membership of more than 6,000 and it was felt that the best should be represented on the council. Mr. Wallace, as a delegate from the Edmonton club, recently attended a meeting of Lions clubs at Cleveland.

that the civic unions had nothing to do with the formulation of the civic pension plan. It has been formulated by a city committee. He said the same opportunity had been given members of the association to discuss the pension plan as had been given to other unions.

Mr. Garde asked the witness to produce the names of former executives of the street railway who had resigned because of the poor working conditions. He read letters from men named by the witness which showed that they had resigned for reasons entirely different and in the resignation letters had signified their regret at having severed their connection with the street railway department.

J. N. McIntyre, secretary of the street railway department, who was reported as representing the Street Railwaymen's Union No. 569, is sitting on the inquiry as representative of the City of Edmonton.

Calmar Creamery Holds Field Day

CALMAR Creamery's annual field day, held here recently, was a huge success.

D. H. MacCallum, provincial dairy commissioner, was the main speaker of the day and he gave an instructive address to dairymen of the district. Thomas Kilgus, district agricultural agent, discussed local farm problems. Mr. McDonald, superintendent of the provincial poultry plant at Oliver, spoke on poultry raising and egg production.

H. C. Shiplett, president of the Alberta Dairy Producers' Association, J. B. Ritchie, secretary of the association and J. D. Mather, superintendent of milk and weeks, also spoke during the afternoon, as did Miss Grace Duggan, teacher of commercial education at the University of Alberta.

T. Love and K. Hare, owners of the Woodland Dairy, of which the Calmar creamery is a branch, were in attendance. At the close of the day's activities Conjurong Creek Women's Institute served supper.

Excessive Rentals Results in Fine

Johannes Ranaik, appearing before Magistrate A. J. Millar, K.C., Wednesday, charged with unlawfully charging higher rentals than reasonable or just, was found guilty and fined \$20 and costs on 30 days. Ranaik charged two different parties in the accused's house were in, each rental stated to have been in effect between April 22 and May 31 last.

Senior Chamber Official Speaks On Membership

"Strong men make strong chambers; strong chambers make a strong movement. Produce a purpose, and membership is no problem at all," said Rep. T. Rose, secretary of the senior Chamber of Commerce, to a gathering of junior chamber members in the Macdonald hotel, Wednesday evening.

Mr. Rose, who spoke on "Membership," told his listeners that membership depended on a number of things, one of which was background. There must be a purpose and meaning, he said, adding that the average life of any group is 18 months. The junior chamber, he continued, had been in existence in this city for some years.

TRACES CITY'S HISTORY
The speaker spoke of the history of Edmonton from the time the first trading post was established about 150 years ago, although, he said, the city's history of the city began in 1821. He held on the growth of Edmonton after the turn of the century, when there were 4,000 inhabitants in 1901, 13,000 in 1906, 30,000 in 1911, 55,000 in 1916. By 1926, this had increased to 65,000, while in 1943 permanent residents totalled 100,000 people.

The trend of the population today is definitely northward, said Mr. Rose, adding that Edmonton will become a population center of the province.

"Things equal to anything in Canada can be produced in this province," he continued, as he mentioned the various industries, agriculture, lumbering, coal, aviation and natural resources.

"Transportation creates cities," he said, in referring to this city's place in the world of aviation. We will become greater because of the airways.

DEVELOPMENT NEEDED

We have the materials to use, Mr. Rose stated, but they need to be developed. That is a job for the Junior Chamber of Commerce. The junior chamber could in many ways help to the education of people between 18 and 35 years of age, which would be the largest group of young men in terms of a career and business life.

"Strong men make strong chambers," repeated the speaker. "Strong chambers make a strong movement. Produce a purpose, and membership is no problem at all."

John McIntyre acted as chairman, while John Leahy announced at the piano during a short singing.

Daughter of Major-General Proud of Rank

Continued from Page Nine
tation, 9th Canadian Infantry Brigade, 8th Canadian Division and later in command that brigade.

FIERCE FIGHTING

Throughout the many engagements of the Canadian Corps he led his men through some of the fiercest fighting and most difficult assignments.

When Lt. Robert Shankland and his few men of the 3rd Cameron Highlanders of Winnipeg fought their way through the "beaks" log and terrific resistance of the German to the peak of the Bellevue Spur of the Passchendaele Ridge on Oct. 26, 1917, it was the lien of Col. Foster who led his 2nd Battalion in broad daylight under murderous fire to reach and support Shankland and consolidate the position that in the attacks of Oct. 30 and Nov. 6 yielded the entire ridge to Canadian arms.

This and many other outstanding feats stamped Maj. Gen. Foster as one of the most outstanding soldiers, feats which won him the Distinguished Service Order and two bars.

But rather than take advantage of her father's rank CSM Foster feels she has a better chance of really getting to know the girls and finding out their problems and complaints by remaining in the ranks. She has twice refused a commission because she is interested in the life of work she is now doing.

Born and brought up in Vancouver, she worked for a while as a stenographer at M.D. No. 4, headquarters in Halifax before enlisting. Her father, she insisted, did not try to persuade her to enlist but he was obviously pleased when she did. Having had some previous experience she enlisted as a stenographer in the C.W.A.C. more than a year ago, and she is enthusiastic about the variety of jobs girls can do in the army. The most interesting thing about the women's army, she said, is the feeling of pride you have when you know your job is making a real difference in the world for active service.

CSM Foster has one brother in the R.C.A.F. He is Wing Commander Alan Foster, R.C.A.F., stationed at Calgary. Two other brothers, The Bill Foster and Cpl. Dick Foster, are in the Reserve Army in Vancouver.

CSM Foster expects to be in Edmonton until Sept. 17 when she will go on to Calgary to visit her mother.

VANISHED OVERNIGHT
HOBBART—C.P.R.—Runs its Plains Northern Tanneries. It above a house of limestone caves. Reputedly a resident walked out of a house and almost stepped into a hole that had swallowed up a pile of logs, a deciduous tree and a creek.

Kitchen Sets

Clear glass kitchen set—comprises mixing bowl, covered butter dish, refrigerator dish, measuring cup and lemon squeezer. 7-PIECE SET.

89c
